OUR VISION

To be a globally renowned research oriented Business Management School known for its innovative pedagogy and professional competence.

MISSION

To emerge as a vibrant, innovative niche centre for budding managerial talent with strong orientation towards research, training and consultancy.

To develop globally competent management professionals with innovative skills in alliance with government, corporate and education institutions for the benefit of nation at large.

PASSION FOR INNOVATION

We are at our most innovative best, while we encourage students to live in their dreams, and help them realizing those by constantly pampering their courage to take on the future uncertainty of corporate world and leap frog in the corporate ladder.

“ Success is an everlasting Journey of chasing a purpose and thriving for achievements. ”

Chairman's Message

GL Bajaj came into inception with the sole thought of creating an enriched resource centre for the corporate, which is dynamic in its existence and always in an ever demanding approach to have better performing possibilities which is garnered by the sheer hard and sincere work during the students' tenure in the college by the way of studying and evolving through various processes which are designed to enhance the inherent talent and groom them to make the right fit for the industry.

GLBIMR is committed into the nation building which is the very need of the hour to help the young generation take pride in their nation and take it forward.

We have developed a unique and rigorous training program which has a fine combination and the right balance of the classroom study and many of the co-curricular and extra-curricular activities. Our students go through a unique inspirational transformation to become successful professionals in their chosen area of expertise. The extensive corporate exposure gives them ample opportunities to apply the acquired skills. The course curriculum is a tempting blend of in-depth subject knowledge and practical experience gained through a continuous process of corporate academic interface.

A fine line of industry interface has been developed for the students to keep having an understanding of the corporate world, so they are well acquainted with the environment that they are going to join post the program completion. I assure and welcome the young guns to come and get associated with a legacy.

Dr. Ram Kishore Agarwal
Chairman,
GL Bajaj Group of Institutions

“ If you don't know where you are going, any road will take you nowhere.”

Vice Chairman's Message

At GLBIMR we make sure the pathway is paved to feel ignited and find the spark which helps the students have a lead role onto the passage of success and achievement and while investing their hopes to have a flourishing future in the corporate world are aptly guided and trained to benefit the industry.

Thriving through excellent faculty, an effective industry interface, state of the art & well kept infrastructure and facilities, it is ensured that it is both a learning and an evolving experience just in the right environment. Having recently awarded the “Swachhata Award” for the cleanest Campus by the Honorable Chief Minister UP, again confirms our belief in the earnest approach that is followed at GLBIMR to provide the best to create the best. Our focus is on achieving its vision: “To be a leader in the knowledge led productivity movement”.

For realizing the vision, we stand committed to provide outstanding guidance, leadership, faculty, physical infrastructure, library resources and alliances with leading industries and business schools in the world. GLBIMR is a forward-thinking Institution where the aim is to provide world-class education and nurture intellectuals who shall change the world tomorrow. We resolve to continue making a difference to our society. The various awards and accolades we have received for excellence in imparting quality education and performance standards speaks about our commitment for the same.

GLBIMR offers opportunities to the youth to get equipped with the most enriching educational experiences and develop leadership qualities through innumerable activities and helping them come forward and find that spark in themselves.

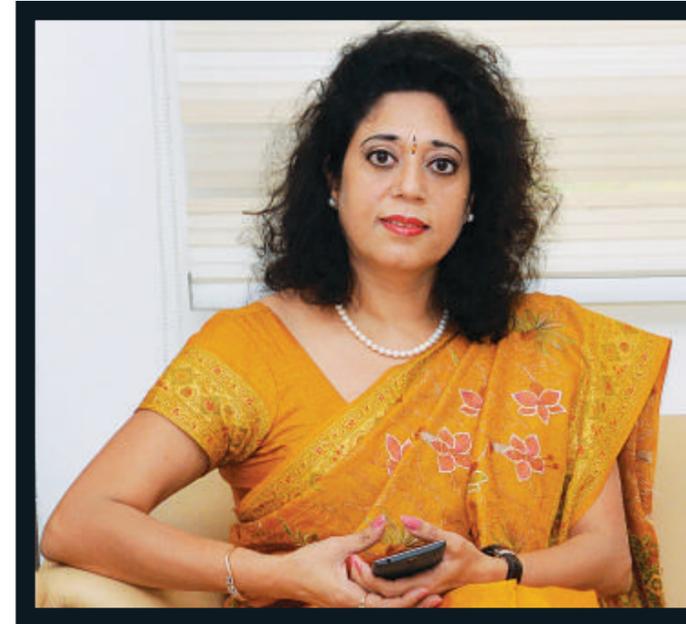

I welcome the corporate with the firm belief that our students will be an asset to their organization.

I here welcome the striving youth to find their space in this world through GLBIMR.

Pankaj Agarwal
Vice Chairman,
GL Bajaj Group of Institutions

“ When you want to be different, you got to be different.”

Director General's Message

Life at GLBIMR is different, with a strong and definitive mode towards the direction of growth and development, GLBIMR stands out by matching pace and poise for posterity. Here we follow the instinct of emancipation, and not anticipation towards challenges and help students realize the opportunities which lay before them by leading them from behind and equipping them with self realization. GLBIMR follows very strongly the essence of nationalism and believes in its direct responsibility of the nation building by crafting diligently each student as the true citizen of our country, not just in technical but also in ethics and social responsibility. Superiorly disciplined environment gives them a training which prepares them for life.

GLBIMR's multicultural and inclusive learning environment with a futuristic curriculum in place enables every student to carve a niche for themselves and become a responsible Global Citizen. We have made highly contemporary certification courses as part of the curriculum of PGDM program, like Digital Marketing Certification Course by Ministry of Micro, Small and Medium Enterprises -Government Of India (MSME), Financial Services Certification, Advance MS Excel Certification, Yellow Belt Six Sigma Certification by MSME and Entrepreneurship Development Programme by National Institute for Entrepreneurship and Small Business Development (NIESBUD), without any extra fees. Besides these we have collaborated with globally acclaimed Corporate Leaders & International universities to develop a multilateral network of learning. GLBIMR has also signed a MoU with Bombay Stock Exchange (BSE) for a Certification in “Basic Course on Stock Market”. GLBIMR lays equal emphasis on academics and research; this establishes the basis for the design of the

academic programme, faculty selection and the research initiatives taken up at the institute. The students receive ample opportunities in the form of events and different activities on campus which help them evolve as future management professionals.

At GLBIMR, our multi-pronged approach in pedagogy is based on 3P's approach of Pride, Power of Dreams and Perseverance to facilitate development of future corporate leaders. A closely networked Industry-Institute interface is ensured through arranging guest lectures, industrial visits and in-house/open industry training programs. A symbiotic relationship is encouraged between industry and the academia through a mutual exchange of practical and theoretical aspects of management knowledge, judiciously blended with professional expertise. GLBIMR's multicultural and inclusive learning environment with a futuristic curriculum in place enables every student to carve a niche for them and become a responsible Global Citizen.

The managerial skills acquired by the students have facilitated in achieving 100% placement since its inception in reputed corporate houses like HCL Technologies, Gionee, HDFC, ABP News, ICICI, HDFC Bank, AUDI, KPMG, Bisleri, TechMahindra, Airtel, Godrej and more.

Infrastructure

GLBIMR has a modern, eco-friendly, fully networked campus. The environment of the Institute - a cluster of minimalistic structures in the midst of the trees, shrubs and well-laid out lawns - provides a serene ambience to the campus. Well-furnished air-conditioned spacious classrooms and lecture halls gives the future managers a focused arena to develop their personalities. The campus environment is highly conducive to academic learning.

Lush Green Campus

The Institute has an impressive and pollution-free campus with panoramic green surroundings, elegant landscaping and beautiful flowerbeds. The green environment is super conducive to learning.

AC Classrooms

Well-furnished air-conditioned spacious classrooms and lecture halls gives the future managers and technocrats a focused arena to develop their personalities. Modern teaching aids are used for conducting the lectures. The latest audio video technology enables faculty members to have interactive sessions of teaching, which adds confidence and enthusiasm among our students.

Computer Centre

The computer centre is well-equipped with computing resources to cater to the academic needs of the students. The center is a constant hub of activities, providing a conducive learning environment. The trained technical staff is available to help out the students to apply the theoretical concepts, which they learn in the classroom.

Auditoriums, Conference Halls & Amphitheater

The Institute has state-of-the-art, 2 fully air-conditioned auditoriums with a seating capacity of 350 people, amphitheater with a seating capacity of 2000 people and multiple conference halls. All these are well-equipped with latest acoustics technology and sound system. The auditorium reflects an excellent work of modern architecture.

Infrastructure

Mentorship Program

GLBIMR offers a distinctive Mentorship Program, in which each student is allotted a faculty mentor and industry mentor. All the mentors polish the student on both academic and industry front and prepare them to go well with the industry requirements. This program aims at grooming the students, refining their communication and behavioral skills and thereby making them fit for the industry.

As a mandatory part of academic curriculum, students are required to attend the mentoring sessions on weekly basis. These mentors provide valuable, practical insights thereby enabling students to visualize and evaluate their education and career options. Mentoring promotes knowledge sharing & experiential learning between the industry professionals and the students. This creates opportunity for the mentees to communicate, on an informal basis, with seasoned professionals and in turn develop everlasting bonds with their mentors, which are maintained throughout their professional pursuits. This interaction facilitates student to get good summer as well as final placements by successfully displaying their organizing and managing skills during these management events.

Alumni Talk Series

GLBIMR believes in the strength of alumni network and values their contribution towards institution building. GLBIMR has taken an initiative to invite its prestigious alumni back to the campus. Alumni are the real assets of any institute. Alumni Talk Series is a platform for GLBIMR alumni sharing their career paths, offering insight, an introducing their companies to the students. Alumni associated with corporate brands Accenture, Godrej, KPMG, AXIS Bank, Bisleri

and many more had come and shared their views on focus on the conservation of students' time and energy.

Adjunct Faculty

GLBIMR has empanelled many eminent academicians as Adjunct Faculty who are in the field of Education research and consultancy and carry their research experience to the classroom.

Live Projects

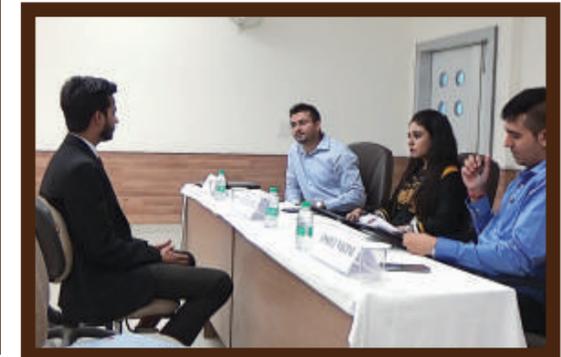

Live Projects are one of the best methods of providing Experimental & on the job learning for students. GLBIMR ensures that all the students are given opportunity to be a part of live projects in their Domains i.e. Finance, Marketing & HR in various organizations like Reliance Retail, Big bazaar, Sampoorna etc.

- Students of PGDM Batch 2017-19 participated in Live Project at Big Bazaar from August 12, 2017 to August 16, 2017.
- Students of PGDM Batch 2016-18 participated in Live Project at Home Town from August 12, 2017 to August 16, 2017.

Mock Interview Sessions through corporate experts

To prepare the students for interviews, formal mock interviews are arranged whereby Senior Corporate Experts and Practitioners are invited to take mock interviews of students. These are formal sessions in complete interview setting and the entire activity is recorded. These are then shared with students and feedback is given about how they can improve themselves so that when they face the final interview, they can perform better.

CORPORATE SOCIAL INITIATIVES

CSR

As a responsible business, GLBIMR takes pride in being socially inclined and focuses on sustained and effective CSR projects. The major core areas that we support are Blood Donations Camps, Tree Plantations, Distribution of clothes to slums, visiting especially abled children to NGOs, each one teach one, donations for national Flag Day and natural calamities. The activities that are already conducted at GLBIMR are:

- GLBIMR organized "पर्यावरणसंकल्पदिवस" on March 3, 2017 where all the Stakeholders pledged to protect the environment and pledged to contribute towards preservation of the environment, by maintaining cleanliness and by planting & protecting the trees. Also took the pledge to stop wastage of natural resources like water and fuel.
- GLBIMR actively conducts Corporate Social Responsibility (CSR) activities from the perspectives of welfare of Society and this annual initiative of Blood Donation Camp is one such stride in the same direction. Last Year's camp which was organized on August 11, 2016 was huge success. This year also on August 10, 2017, all the students and members of GLBIMR participated enthusiastically in this noble cause. Pedagogical Innovation

Innovations are integral part of PGDM Programme and a very important aspect is that the rethinking of business education in the world should not only cover the program content or its "architecture". Business schools also need to be able to develop increasingly effective learning methodologies that enable meeting the challenges facing management education today.

Innovative learning methods enable the students to develop competencies such as obtaining a global perspective of the business world or being able to integrate theory, practice, and experience has to be achieved through that are appropriate for management education etc., GLBIMR has adopted an innovative pedagogy

Class Room Lectures Delivery through Audio Video aids: Class room teaching allows students and faculty to benefit from the healthy exchange of ideas in a setting defined by mutual respect and a shared interest in a topic. In most cases both faculty members are present during each class and can provide different styles of interaction as well as different viewpoints.

Case Study Analysis: Case studies present students with real-life problems and enable them to apply what they have learned in the classroom to real life situations. Cases also encourage students to develop logical problem solving skills and, if used in teams, group interaction skills. Students define problems, analyze possible alternative actions and provide solutions with a rationale for their choices

Team Presentations: Students in small group are motivated to develop presentations on vital and current issues in business of national and international level. Consequently, they experience the challenges associated

with group responsibility, collective decision-making and persuasive communication. Such exercises lead to experiences that enhance students' ability to express their ideas clearly and convincingly.

Business Quiz: The Business quiz competition was designed as an innovative, interactive session to facilitate a copious flow of knowledge and ideas packaged in exciting rounds. The competition was designed in three power packed rounds which grilled the young minds in the preliminary written test, electrifying rapid fire round followed by the stirring finale round. The aim of organizing such competitions is always to hone skills in lateral thinking, teamwork and decision making under pressure. Learning through management quizzing is fun and goes beyond the traditional bounds of management training.

Group Discussion: In each subject in all the terms we have mandatorily introduced Group Discussion as part of internal evaluation. Engaging students in discussion deepens their learning and motivation by propelling them to develop their own views and hear their own voices. A good environment for interaction is the first step in encouraging students to talk.

Role-Play: To experience the dynamics of practical management situations as well as to enhance behavioral characteristics, managerial roles are played in the class with fellow students.

Live Streaming & Analysis: Intellect of a person cannot be built effectively on a weak foundation, thus it is important to work on creating a rock solid pedestal. Focused on developing future ready Professionals, GLBIMR students, got an opportunity to understand different segments of the economy and to exchange views on the Union Budget, analyze its relevance and impact on business
